JUNIOR CHAMBER WINS ALL-STATE YOUTH TROPHY

NILES BODY EARNS OUTSTANDING AWARD FOR YOUTH PROGRAM

The Niles Junior Chamber of Commerce won first place in the state for its Youth Welfare program, according to a wire received Saturday by President Jack Parry from Past President Ed Enos in Fresno.

"Ed" attended the state convention from Thursday to Saturday of last week and took with him a written summary of the local body's variety of youth activities, which excelled that of any other Junior Chamber in the state of California regardless of size.

Its youth activities include sponsoring a Scout Troop; providing an annual Christmas theatre party for all Niles school children, in cooperation with the Niles Theatre management; providing an annual dinner for the Niles School Junior Traffic Patrol; prviding a snow party once a year for the Scout Troop; assisting with an annual Hallowe'en program with the P. T. A. at the Niles Grammar school; paying the monthly light bills and upkeep at the Niles Scouthouse, etc. This is a very ambitious program for such a small group as the Niles Junior Chamber of Commerce.

Dues are but $4 per year and monthly dinner meetings are held the first Tuesday night of each month at the City of Florence Restaurant. Business people over 40 years of age are invited to join and air their problems and give support to the Chamber's many activities, one of which at present is finding local men who will donate a pint of blood to the Alameda County blood bank.

Parry is president this year; Duffie is secretary and Joe Enos is treasurer.

The trophy was won this year in general competition with ALL Junior Chambers in the state, regardless of size, and Niles has earned quite a feather in its cap, thanks to this enterprising group of young men. The trophy consists of a winged figure done in metal and has to be competed for annually.

Mr. E. Dixon Bristow, principal of the Niles school, is the Junior Chamber's chairman for the Junior Traffic Patrol activity. The Niles body now has 30 paid members and new members are always made welcome.

USE SUGAR STAMP BY SATURDAY EVE

Citizens are warned to use their first sugar stamp prior to Saturday night or it will not be honored for one pound of sugar. The first four stamps must be used during the following 13 day periods only, and each stamp is good for one pound of sugar, if purchased during the appointed period:

Stamp No. 1 . . ends May 16
No. 2 . . . . May 17—May 30
No. 3 . . . . May 31—June 13
No. 4 . . . . June 14—27.

Regulations have not yet been issued covering the use of stamp No. 5 and succeeding stamps

Mr. and Mrs. J. L. Pearson returned to Niles Sunday from Oakdale, where Mrs. Pearson had spent a week with her parents, and helped welcome a husky young nephew into the world.

FREE!

With every 10 gallons purchased a 10c defense stamp given free

SCHOOL ELECTIONS

Today, Friday is election day for high and elementary school trustees. It behooves citizens who are registered for voting to go to the polling place at their nearest elementary schoolhouse and cast their ballot for school trustee. At Niles the polls will be open from 9 a. m. to 7 p. m. with one trustee to be elected. At the same time, in each elementary school district voters should choose between M. J. Overacker, incumbent and Joseph "Sparky" Lewis for high school trustee for the next three years. Vote Friday!

OVERACKER HAS FINE RECORD AS SCHOOL TRUSTEE

M. J. Overacker, only Niles member of the board of trustees of Washington Union High School, a member of the board for 18 years and president of the board for the past 12 years, is up for re-election this Friday.

Some of the achievements which have been accomplished at the high school during Mr. Overacker's terms of office include: substantially reducing the tax rate over the period of years; installing the gymnasium, the cafeteria, the extensive shop facilities, developing the music department, establishing the lighted softball field, and planting turf on the football field to make it one of the finest fields afforded by any preparatory school.

In three more years, according to Mr. Overacker, Washington Union High School will be one of the few schools in California which will be entirely free of bonded indebtedness. As president of the board Mr. Overacker has always worked hard to avoid new bond issues which would raise the local tax rate, he says.

Mr. Overacker has considerable property investment in the Township. He is being opposed at the polls on Friday by Joseph "Sparky" Lewis, well-known labor leader of Centerville.

Other members of the board, not up for re-election this year are: A. K. Logan of Alvarado, H. F. Harrold of Decoto, John Olivera of Centerville and Robert Francis of Centerville. Mr. Overacker is the only Niles member of the board.

Township voters should go to their nearest elementary schoolhouse this Friday and cast their ballot for their choice of high school trustee, as well as for the elementary school trustee or trustees running in their local school district. Local voting places will be open from 9 a. m. until 7 p. m. It is our Township's citizens' duty to cast their ballots this Friday.

2,517 PERSONS SIGN UP FOR SUGAR AT NILES

A total of 2,517 persons, of whom 2,403 were issued sugar ration books, signed up at the Niles Elementary school during the four day consumer sign-up which ended Thursday evening of last week. These figures represent the actual present population of the Niles Elementary School district, according to Principal E. D. Bristow.

He wishes to thank the PTA members, the teachers and other ladies who gave of their time so generously during the four day sign up last week.

MILK PRICES RISE

Effective this week the retail price of Grade A milk delivered at private homes in Washington Township will be 15c per quart, Mr. Ramos, manager of the Sanitary Dairy at Niles, advises this newspaper. The price has been set by the Division of Market Enforcement at Sacramento and applies to all Southern Alameda County dairy men, their prices to be the same as those charged in the metropolitan areas. In addition, deliveries will be restricted to every other day, competing dairies to deliver on the same days, and lay off on the same alternating days.

TOWNSHIP NITEBALL PLAY STARTS MONDAY; CURTAIN RAISER TONIGHT

The third season of play of the Washington Township Softball association begins with a curtain-raiser tonight (Friday) at 7:30 o'clock on the Washington High School lighted ball park, and league play officially begins next Monday night.

Games will be played three nights a week, Mondays, Wednesdays and Fridays, two games per night, 54 games for the season, all starting promptly at 7:30 p. m., according to President Louis S. Amaral of Newark who succeeds Al Silveria of Warm Springs, (now in service) as president.

The seven clubs comprising the league this season include men from all seven communities of Washington Township.

The league schedule, printed copies of which may be had at the field next Monday night and thereafter, follows:

May	18	Wedgewood	vs.	K. of C.

MEN'S CLUB DINNER

The next regular dinner meeting of the Men's Fellowship of the Niles Congregational Church will be held in the Guildrooms next Wednesday evening, May 20 at 6:30 p. m. Carleton Brown of the high school faculty is program chairman and a little bird says he will present a lady singer and a good speaker. Two ladies from the Sanford Circle will preside in the Kitchen, as there are not men enough in the club who know how to wear a chef's cap like "Griff" or "Bill".

CENTERVILLE SCHOOL SIGNS UP 1776 SUGAR "CUSTOMERS"

CENTERVILLE — The sugar rationing program at the Centerville Elementary school proceeded very successfully and efficiently. The number of applications filed was 1,776; the number of War Ration Books issued was 1,475.

Principal Thomas P. Maloney, school administrator, wishes to thank all the registrars who made the program succeed by doing their work efficiently and faithfully.

NICE WINTER, HUH?

Foul weather, what? The usual soft warmth of spring is entirely lacking so far this year. Days which cling to 55 and 50 degrees instead of 70 and 75; a persistent, nagging cold northwest wind which keeps your clothes flapping; an unneeded shower Sunday night, all contribute toward making a surprising May for this district. Better days coming, we hope!

REVEREND DAY RESIGNS CHARGE AT NILES CHURCH

The Congregation at the Niles Congregational Church was greatly shocked when Reverend Richard C. Day read a letter of resignation from the pulpit at last Sunday morning's worship service. ..Failing health has caused our Pastor to take this step.

Mr. Day has served here ably since the autumn of 1936, following which the old church building burned, his wife passed away, and the fine new church plant was built and opened for use.

At the Church Cabinet meeting held Tuesday night with 12 church officers present it was moved that the body recommend to the church membership that Mr. Day's resignation be accepted with regret, and that the Church secretary, Mrs. Nell Myers write Dr. Harley Gill, conference head for a supply to conduct Sunday services during the month of June, following Mr. Day's last sermon on Sunday, May 31, and preceding the Church vacation period during July.

A business session will be called at the Church this coming Sunday at the conclusion of the worship service, to act on the resignation.

Mrs. Reginald Calhoun, president of the Sanford Circle reported that the Circle had prepared the dinner the night before which was served in the Guildroom to the Business and Professional Women, and had made a small profit above expenses.

Two ladies of the Circle will prepare the dinner for the next meeting of the Men's Fellowship club on Wednesday, May 20, she said. On June 5 the annual potluck luncheon of the Circle will be held, and new officers will be installed.

Considerable discussion was held on the matter of planting lippea or otherwise finishing the bare earth plots outside the Church building on H street and on Third street, No action was taken. The Ladies Guild had considered this project, but still has to pay for the bricks used in the artistic finishing of the patio, recently completed.

A special meeting of the cabinet will probably be called late in June by the chairman, Walter Waynflete, to consider the matter of providing a resident pastor about August 1 when fall services are resumed.

MEMBERSHIP GAINS IN NILES SENIOR CHAMBER OF COMMERCE

Additional memberships reported at Monday's luncheon meeting of the Niles Chamber of Commerce held at the City of Florence Restaurant with Dr. T. C. Wilson presiding, in addition to the 22 reported last week included:

Dr. T. C. Wilson
The Red andWhite Store
Florence Restaurant
The Red and White Store
The Township Register.

The ditch left on H street will be filled and surfaced as soon as the dirt already in the fill has settled and dried out, it was reported.

Joe Ferry, local barber, who has long been a member, was a welcome participant in the general discussions held on a variety of subjects.

Membership dues are $50 per month, $6 a year, and every business man in Niles is invited to join the local boost body. See Secretary A. J. Petsche at the Niles P. G. & E. office.

HEAD-ON CRASH KILLS 6 NEAR COUNTY LINE

One of the worst automobile accidents in county history occurred last Friday night between Livermore and Tracy, near the Alameda —San Joaquin County line, when one ..car ..allegedly ..running ..at breakneck speed crashed head-on into another car being driven less fast. ..Six men were killed instantly and three other victims are still in hospitals.

Traffic officers said the impact was so terrific that parts of cars and human bodies were scattered so widely over the highway it was not possible to tell which persons had been riding in which car.

The dead, two from Washington Township:

Joseph Soito, 18, Centerville
Edward Amaral, 30 Irvington
Benjamin Alarid, 52, Stockton
Christ Pelaiz, 38 Pleasanton
Adrian Munox, 45, Malaga
Pedro Romero, address unknown.

Melvin Cunha, 18 of Centerville is in the Livermore hospital with head injuries; Raymond Angelo, 26 of Stockton and an unidentified ninth man are also resting in hospitals in serious conditions.

Services for Joseph Soito, son of Mr. and Mrs. Delphine Soito of Centerville were held Tuesday morning, and final rites of Edward Amaral, son of Mr. and Mrs. Joseph Amaral of Irvington were held from the Berge Mortuary in Irvington.

ENROLLMENT DROPS AT WASHINGTON HIGH

CENTERVILLE — Due to the Japanese exclusion order which all Japanese from Washington Township last Saturday, and to student enlistments and other war causes, the enrollment at Washington Union High school has been dropping off steadily since the first of the year.

The enrollment stood at 619 students the first of the year; it has suffered 94 removals, leaving a total of 525 students today. This is considerably under the 1936 and 1937 totals of 560, according to Superintendent A. J. Rathbone.

Jack Meyers is resting at his home in Niles Canyon, recovering from the effects of a minor operation performed on his nose last week. He does not have lead poisioning, a recent test revealed.

CHRISTIAN SCIENCE CHURCHES

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, a Lesson-Sermon will be read Sunday, May 17, on the subject "Mortals and Immortals." The Golden Text will be: "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit." (Romans 8:5).

Bible selections will include the following passage from Psalms 65: 4: "Blessed is the man whom thou choosest, and causest to approach unto thee, that he may dwell in thy courts: we shall be satisfied with the goodness of thy house, even of thy holy temple."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "The human mortal mind, by an inevitable perversion, makes all things start from the lowest instead of from the highest mortal thought. The reverse is the case with all the formations of the immortal divine Mind. They proceed from the divine source; and so, in tracing them, we constantly ascend in infinite being," (p. 189).

A $15,000,000 plant for manufacture of butadiene, chief ingredient of synthetic rubber, will soon be built in the West.

THE CALL TO THE COLORS IS A CALL FOR DOLLARS!

Dig deep. Strike hard. Our boys need the planes, ships, and guns which your money will help to buy.

NEWARK WINS SUNDAY CONTEST: FAST ONE DUE

NEWARK — The young ballplayers from the Frank Oases baseball team from Oakland came out on the short end of a 4 to 2 score of a well played game Sunday with the Newark Sportsmens Club at the Newark School grounds.

The Oases Club outhit the local team, but threw away many good scoring threats due to faulty base running. Newark's tight defensive play, one of the highlights of the game, stopped several scoring threats on the part of the losers, and held them to a pair of runs scored early in the game.

The outstanding performer for the Newark Club was Larry Betencourt receiving one hit out of three tries and handling 6 chances without a miscue. Melvin Nunes,, who is to be given a trial with a Coast League team, secured one hit in four tries, a long triple to deep left center field. Joe Dutra of Newark got two hits out of three tries.

Baseball fans will get a real tereat and a real opportunity to see a fast club from Oakland, when the Oakland Colored Giants tangle with the Newark Sportsmen Club Sunday at the Newark School grounds. The Giants were one of the five top clubs to finish in the Oakland Tribune Tournament last September at the Emeryville baseball park.

Stanley Roderick, Newark's favorite left hander, will be on the mound for Newark Sunday, according to Manager Joe Dias; and Bill Berry, speed ball artist of the Giants will carry the pitching burden for them.

CRAEMER WILL NOT RUN FOR GOVERNOR

SAN FRANCISCO — Justus F. Craemer, President of the California Railroad Commission, today announced that he would not become a candidate for Governor, or for Lieutenant Governor.

Commissioner Craemer endorsed without qualification the candidacy of Attorney General Earl Warren, whom he termed a "strong, reliable" man and whose nomination and election, he declared, would materially advance the success of the war effort.

Thanking his friends for advancing a movement in behalf of his candidacy, Craemer pointed out that he had made no official announcement of his intention to enter the race. He further declared that he would not become a candidate for Lieutenant Governor, a move which has been urged upon him strongly since General Warren entered the contest.

PICTURE THE WRECK

Everyone at one time or another has seen a wrecked automobile, states the Public Safety Department of the National Automobile Club. It would be a good plan for all motorists to try and picture their own cars as wrecks — and then remember that if they do wreck their car, most motorists can't get new ones. It is the safe motorist who takes the "Keep It Under 40" pledge and slows down for Victory.

Miss Alice Smith of Denver was a luncheon guest of Mrs. Thomas Robbins last Thursday.

WHIST PARTY

The regular monthly benefit card party for the Corpus Christi Church in Niles will be held Monday evening at 8:30 o'clock in the Parish House with Mrs. J. A. McDonald as general chairman, assisted by Miss Gertrude Keller, Mesdames Ben Murphy, John McDonnell, Ray Joliff, Mario Moise and Harry Miller. The public is invited to attend.

MANY ATTEND OPENING OF NEW MISSION LIBRARY

MISSION—On Wednesday evening, May 6 at 8:00 o'clock a good crowd met at the new location of the Mission branch of the Alameda County Library to help Mrs. Josephine Fernandez, new librarian since the passing of the late Dr. Nichols, to celebrate "Open House".

The new location is in the old Solon Building on the west side of Main Street. It has been completely renoveated, papered, painted, new windows added and very soon there will be new book cases to house a fine collection of books for the use of the public.

The evening's prgram opened with a few words of welcome from Mrs. Lois Justus, Postmaster, who acted as master of ceremonies. Mrs. Dorothy Roberts, Alameda County librarian of Oakland spoke on the opportunities of a good library and introduced her assistants, Miss Jean Baird, Miss Marie Bruguiere, Miss Christine Staate and Mr. Charles Eaton. She also brought as her guests all the librarians from Washington Township who were able to attend. They were Miss Arwina Ormsby, Centerville, Mrs. Rose Brown, Warm Springs, Miss Elizabeth Lowrie, Irvington, Mrs. Elsa Walker, Decoto, and Mrs. Josephine Doorley of Newark.

Mr. Helwig, supervisor, gave a short talk as did Mr. E. B. Hodges, principal of the Mission Grammar school. Miss Abbie Sunderer, one of our oldtimers gave a short history of the first library here, which her sister, Mrs. Rose Whiteside, now of San Francisco, helped to organize. Miss Olive Hyde, one of our newcomers from San Francisco told how much easier it was to obtain books from a small town library although the variety was not as large, and how much she has already enjoyed using our library.

Ruth Justus, accordionist accompanied by her teacher, Danny Sinigiani of San Jose gave several musical numbers. The Oakland branch presented Mrs. Fernandez with a gorgeous vase for the library, and Mrs. Justus presented her the key to the city of Mission.

The program was then turned over to the new librarian who thanked her friendly guests and neighbors for their support and for the many beautiful flowers which decorated the room. She invited everyone to enjoy the refreshments of cookies and punch served under the leadership of Mrs. Lena Solon and Mrs. Rose Rogers, with Miss Elaine Justus, Miss Hazel Semas and Miss Lorraine Rogers serving.

There was a room full of grownups as well as all the boys and girls of the town who so much enjoy going to the library and reading, as well as getting books to take home and read. Lots of success in your new venture Josephine.

Mr. and Mrs. Sherman Leonard spent the weekend at the J. C. Shinn home.

NEWARK COUNCIL NAMES OFFICERS

NEWARK — The S. P. R. S. I. Council No. 58 of Newark received the Official Visit of the Grand President, Mrs. M. Machado from Hayward and District Deputy, Mrs. F. George from Centerville at their regular meeting last Thursday evening at Silva's hall.

Five candidates were initiated, and nominations of officers for the coming year was held as follows: Mrs. J. Guardanapo, ex-president; Mrs. S. Mendes, president; Mrs. M. Duarte, vice president; Mrs. L. Nunes, secretary; Miss Mary Duarte, treasurer; Mrs. M. Borge, master of ceremonies; Mrs. L. Reis, Marshall, Mrs. T. Ferreira, Inside Sentinel; Mrs. M. Caldeira, Mrs. L. Meneze, Mrs. M. Barcellos, directors; and Mrs. Margarite Caldeira, pianist. Many visitors from nearby Councils were present, one of them being Past President Mrs. M. Peters from San Jose.

NILES LOCALS

Miss Rosemary McDonald
Correspondent

After attending the state convention of Junior Chambers of Commerce in Fresno last week Postmaster Ed Enos of Niles went to Los Angeles for a few days visit.

The Niles Grammar school baseball team played the Decoto grammar school team at Decoto on Wednesday.

The eighth grade of the Niles grammar school has started rehearsals of their graduation operetta. The operetta, "The Spirit of '42" has a patriotic theme and was written by the teachers of the Niles school.

Lieutenant and Mrs. Stanley Remmelmeyer of San Francisco and Carolyn Cadwell of Dinuba were guests at the J. A. McDonald home on Sunday.

The Toyon Berries held a very successful Fashion Show at the Washington Township Country Clubhouse at Centerville on Friday evening. About 70 people attended the affair.

Mr. and Mrs. J. Robbins and Miss Florence Robbins of Oakland were the guests of Mr. and Mrs. Thomas Robbins on Sunday.

Mr. and Mrs. H. W. Rice and son William of Oakland spent Sunday at the home of Mr. and Mrs. Clarence Crane.

Sergeant Barron Kennelly, who is stationed at Merced, visited in Niles Sunday at the home of his parents.

The Washington Union High School P. T. A. installed officers Wednesday at the high school. The members of the P. T. A. were luncheon guests of the high school faculty. About 15 ladies from Niles attended. Mrs. Haynes of Hayward was the installing officer.

Margaret Williamson, who has been attending the University of California in Berkeley arrived home last Friday for the summer.

Mr. and Mrs. Wesley Carr and son Billy of Alameda spent Sunday with Mr. and Mrs. Sydney Carr.

Mrs. Louis Zwissig was installed as vice-president at a meeting and luncheon given by the County Committee of the Alameda County Farm Bureau at the White Cottage in Oakland last Wednesday.

WAR MOTHERS DAY OBSERVED IN NEWARK

NEWARK — Last Sunday, the first wartime Mother's Day since 1918, in Newark was the scene of many family reunions; surprise visits to mothers from distant places, especially soldiers and sailors; and the receiving of candy, flowers, letters, and telegrams for appreciative mothers.

Many service men stationed near by had the opportunity to visit their beloved mothers and enjoyed Sunday here at Newark.

The Newark Presbyterian church and St. Edward's Catholic church also observed Mother's Day with special services and sermons.

Mr. and Mrs. Marshall Green of Albany, Harry Green of San Francisco and Morrison Green of Richmond were the guests of Mr. and Mrs. Fred Mitte on Sunday.

Wm. D. Cull, Mrs. Mary Barnard, Mrs. Rose Fournier, Mrs. Mary Rose and Mrs. Fern Mitte attended installation ceremonies held at the Hayward Rebekah Lodge last Thursday.

Mrs. Mylah Leslie and Mrs. Lorin Mohn took the Past Noble Grand degree at ceremonies at the Rebekah Assembly at San Jose on Monday.

On Monday Mrs. E. D. Bristow was hostess to the Toyon Branch of the East Oakland Children's Hospital. At this meeting arrangements were completed for the coming garden party to be given at the J. C. Shinn home on Saturday, May 23.

The Niles Rebekah lodge will hold their regular meeting on Friday, May 15, according to Mrs. Sena Carr, Noble Grand. Refreshments will be served by a committee composed of Mrs. Judith Weaver, chairman, Mrs. Ellen Mohn and Mrs. Ethel Fournier.

Mrs. Paul K. Millechamp of Honolulu with her two children left Thursday for Summerville, South Carolina after visiting several weeks with Mrs. F. H. Smith.

Mrs. E. A. Ellsworth, president of the Washington Township Republican Women's Club attended a meeting and luncheon held at the home of Mrs. Jessie Williamson at Berkeley on Friday afternoon. Mrs. Williamson is president of the California Council of Republican Women.

Mrs. J. W. Boylin of Yorba Linda accompanied by her son Bob visited at the home of Mrs. Boylin's parents, Mr. and Mrs. E. A. Ellsworth last week end.

Virginia Scanzon of Seattle, Grand President of the Young Ladies' Institute will make her official visit to De Guadalupe Institute of Niles on May 21. A dinner at the Florence Restaurant will precede the meeting.

Mr. and Mrs. Dwight Thornburg, Mrs. Gladys Williamson and Miss Margaret Williamson attended a performance of "Falstaff" given by the student body of Santa Clara University on Saturday night.

Mr. and Mrs. J. C. Shinn attended the 40th reunion dinner of Mrs. Shinn's University of California class of 1902 at the Hotel Claremont in Berkeley on Tuesday evening.

Dan McDermet of San Francisco visited relatives in Irvington on Tuesday.

Mr. and Mrs. Sam Vandervert spent Mother's Day with relatives in Alameda.

BIRTHDAY PARTY

NEWARK — A birthday party was held Wednesday evening in honor of Mrs. Emma Dias at her home on Thornton Avenue. The party was given by the Newark Sportswomens club, in which Mrs. Dias is an active member. Refreshments were served and a beautiful gift was received. Those present were Erma Tedder, Mary Fraga, Ora Raber, Ann Wolf, Leona May, Edith Meneze, Merle Tolle, Mildred Dias, and Florence May.

S. F. FURTHERS PLANS FOR HARVEST LABOR AID

SAN FRANCISCO — San Francisco stands ready not only to send California harvest areas the more than 1100 high school students who already have registered their willingness to do farm work, but also to register adult city workers if they are needed to get in the crops.

All Central and Northern California farm labor sub-committees have been asked whether adult city workers will be needed this year, and if so, where, when, and in what quantities.

The inquiry was sponsored jointly by the San Francisco Chamber of Commerce agricultural committee, the municipal Regional Service Committee and the Y. M. C. A., who have been cooperating on the farm labor problem. If results of the inquiry indicate that adult city labor will be required, the San Francisco Civilian Defense Council has offered to provide the necessary registration facilities.

IRVINGTON

Mrs. Pearl Dargitz
Correspondent

Mrs. Jeanette Jensen formerly of Irvington, now living in San Leandro was a visitor in town recently.

Mrs. Eli Lutz, who was taken to the hospital last week is now at home.

Miss Doris "Squeaky" Thomas celebrated her birthday on Thursday of last week at a picinic at Alum Rock with many of her young friends attending.

Jack Levada, who was confined to his home for a few days due to illness is now up and around.

Walter Reethlin is now employed at the Occidental Stove Foundry in Irvington.

The Saturday night Bridge Club was entertained by Mr. and Mrs. George Beardsley at their home on Saturday evening. Those present were Mr. and Mrs. Bert O'Connell, Mr. and Mrs. Dan O'Connell and Mr. and Mrs. D. Smith all of San Jose; Mr. and Mrs. William Benbow and Mr. and Mrs. Carl Christensen of Irvington.

Pvt. Howard Mohn of Camp San Luis Obispo was home for several days leave recently.

Mr. and Mrs. Wayne Day and daughter Phyllis spent several days with relatives in Hanford this week.

BANK OF AMERICA HAS 1037 MEN IN ARMED FORCES

In a ceremony before hundreds of staff members of the Bank of America in San Francisco, a service flag was unfurled representing 1037 young men of the bank who have responded to the call to military and naval service.

In the absence of A. P. Giannini, founder of the bank, the ceremony was conducted by W. E. Blauer, vice chairman of the board of directors.

"It is with great pride I am privileged to unfurl this flag," said Blauer in part. "We gratefully honor our own brave battalion of more than a thousand men. At the same time, those of us left behind have the satisfaction of knowing that we, too, have a big job to do in financing the war effort here in California."

"All of us," he said, "can regard this flag as our regimental banner, signifying our complete unity in the tasks which must be done to achieve ultimate victory for America and for everything for which our nation stands."

The flag bears four gold stars for Bank of America men who have died in the service.

Mrs. Pearl Dargitz and daughters Clytelle and Wanda spent the weekend with her brother, Mr. LeRoy Horn of Oakland and also visited with her husband, William Dargitz who is still very ill at the Fairmont Hospital.

Mr. and Mrs. Raymond Benbow and children, Lester and Ebba Rae are making arrangements to move to Warm Springs shortly. Also moving are Mr. and Mrs. Robert Mahaffey and children, Doris and Alice.

Mr. and Mrs. Samuel Moreaux and children, Sonny, Bonnie, Robert and Patsy of Green Bay, Wisconsin are visiting with their relatives, Mr. and Mrs. Peter Van Ike and Mr. and Mrs. Malcolm Van Ike and family.

Pvt. Phil Ramsell spent the weekend with his parents, Mr. and Mrs. William Ramsell. Pvt. Ramsell is now stationed at Camp San Luis Obispo.

Clarence Simas, son of Mr. and Mrs. Joe Simas left on Saturday for Pearl Harbor, T. H. where he will be employed on construction work.

Mrs. Al Hirsch spent the weekend with her daughter, Mrs. Leona Hirst of Palo Alto.

A practice game was played at the Irvington grammar school on Sunday betwen the Red Cabs of San Francisco and the Occidental Stove Foundry of Irvington with the score resulting 4 to 3 in favor of the Red Cabs.

Clytelle and Wanda Lee Shepherd spent Monday and Tuesday at the home of their grandmother, Mrs. Kate Shepherd in Woodland. They also visited their father, Wesley Shepherd who was home on leave for several days from the United States Navy.

The FARMERS CORNER

by RALPH H. TAYLOR

Executive Secretary Agricultural Council of California

There is a desperate, compelling need for unity in America; there is an urgent, critical need for unity in our own home State of California, for if bombs rain death and destruction on the American mainland, they are more likely to fall here than in any other section of the nation.

A nation under fire must be a nation united — if it is to withstand its enemies and have a fighting chance of survival. In an abstract way, we all know that; there is hardly a day of our lives now that we do not hear some patriotic appeal for a moratorium on old disputes and differences. Yet, in many of the every-day realities of life, it seems that we have still failed either to achieve unit, or even to comprehend its meaning. The seeds of dissension are still being sown with a reckless disregard for consequences.

A case in point is the current effort on the part of certain labor groups to qualify an initiative measure for the November ballot which, if successful, would place both houses of the Legislature under complete dominance of the cities and, for all practical purposes, disenfranchise rural California.

That measure, which would pit the cities against the country, and labor against the farmer — which would place producing California at the mercy of consuming California, and give the great processing and manufacturing areas the power of economic life or death over the areas which yield the raw materials — will mean a political civil war in California if it goes on the ballot. And yet there are still those who are so blind to the dangers from without that they are willing to fan the fires of discord within; still determined to carry on their struggle for selfish advantage even when the rural areas they seek to disenfranchise are being called upon to produce, produce and produce so that American workers and American fighting men can be clothed and fed.

This writer has listened attentively to appeals from labor leaders to let bygones be bygones and to aid in rallying agriculture and labor under the same banner — the Flag of America — for "the duration." We, in turn, have joined in similar appeals to labor, earnestly believing that the majority of American workers, in common with the majority of American farmers, are willing and anxious to put the welfare of their country ahead of every other consideration during this period of great emergency.

We still believe that the American working man and the American farmer want to work hand in hand, on the home front, to equip and supply their sons and brothers who are in the fighting lines. There were boys from rural California and boys from urban California who died on bloody Bataan — boys who died side by side, fighting for each other and what we call democracy. And we can imagine the contempt in their eyes if they had been told, as Jap shells screamed over them and dive bombers rained death down on them, that the folks back home were preoccupied with a political battle to make farmers take legislative dictation from labor blocs in the cities. They might have felt a little sick (and been justified in it) at the thought of paying the supreme sacrifice to protect that kind of "democracy".

Isn't it about time that we all took another look at this situation in California? It takes time, of course, to bury all the hatchet of bygone days. It is hard to realize, unless we stop and think, that a measure to disenfranchise rural California might create violent disunity and slow down the big, all-important job of war production. This column is not intended as a sweeping condemnation of the labor leaders who are fostering the proposal in question. Rather, it is intended to sound a warning and make them consider how it squares with the national need for unity. In any other year, if labor had wanted to fight it out with the farmers at the polls on such an issue, that would have been its privilege. But this isn't "any other year". This is the year when we are supposed to be fighting Hitler and Hirohito. We hope our comrades in arms in the labor movement will take another look — and call back their legislative reapportionment act in the interest of national unity and their country's welfare.

"SEWING SHIRTS FOR SOLDIERS"

Yes, it's Sister Susie—1942 style! And she's sewing shirts for soldiers in the USO clubhouse at Long Branch, N. J., near Fort Monmouth. Sister Susie's real name is Mrs. Emilie Day. The Long Branch matron is one of thousands of women and girls who have volunteered their services in USO's program of recreation and comfort for soldiers, sailors and marines everywhere. Behind Mrs. Day stands Private Timothy Walsh, who came all the way from San Francisco to the Jersey camp. He's amused at the amateur coat-pressing job of Private Loring Sheffield, who hails from Youngstown, Ohio.

NEWARK

Correspondent

The Newark Sportswomens Club held their regular meeting Wednesday at the home of Mrs. Ann Wolfe in honor of her birthday. Refreshments were served, games were played and a beautiful gift was presented to her by the Sportswomen.

Men on duty at the Newark Fire Station last Tuesday evening received the blue alert signal at 9:15 p. m. with the all clear signal ending at 9:40 p. m. The industrial plants in Newark were notified on the blue signal.

A large crowd was present Saturday evening at the Woodmen of the World dance given at the Newark Pavilion. The proceeds of this dance will be used to buy a mobile unit for Centerville.

The 4-H Club held their regular meeting Wednesday at the home of their leader, Marjorie Cotton

First Holy Communion for the children will be received at St. Edward's Catholic Church Sunday, May 24 at 8:30 p. m. According to Father McLaughlin, pastor of the church the parents of the children receiving communion are urged to receive communion with the child.

Mr. and Mrs. Leslie Silva of Centerville and Mrs. Raymond Bernardo of Newark were in an automobile collision Monday evening on the corner of Thornton Avenue and Spruce street. No one was injured and the cars were slightly damaged. Both cars sideswiped each other and each of the drivers claim they did not see the other.

Misses Florence May and Leona May and Mauzon Mathews attended the Seattle - Oakland Pacific Coast league game at the Emeryville ball park.

Frank Nevis and son Mervin of Newark, Clarence Nevis and son Donald of Stockton, and Frank Guido of Newark spent Sunday at Stockton fishing in the Sacramento river.

Further arrangements are now being made for a Barn Dance and broadcast to be held Saturday evening, May 23 at the Newark Pavilion featuring Dude Martin and his Round-up gang in person. The stage show will commence at 8:30 followed by dancing until 1 a. m. The Newark Pavilion is equipped for blackouts.

A number of Sheriff's Deputies from Newark attended a Washington and Eden Township meeting held Monday evening at the Alvarado school.

Fire Chief Fred Rogers of the Centerville Fire Department and Fire Chief Joe Pashote of the Newark Fire Department attended an important executive meeting of the Alameda County Association of Firemen held at San Leandro Tuesday evening.

The Women's Improvement Club meeting scheduled for last Tuesday evening was cancelled, and the next regular meeting will be held Tuesday evening, May 26.

W. J. Gould of Newark received word Monday of the death of his brother, Bert Gould at Chicago, Illinois.

Many Newark people Tuesday morning attended the funerals of Joseph Soito from the Chapel of the Palms of Centerville and Manuel Amaral of Irvington from the Berge Mortuary. Both of these boys were killed in an auto accident Friday evening near Livermore.

A baby shower was given to Mrs. Jake Springer at the home of her sister, Mrs. Alice Aroz in Oakland last week. Many beautiful gifts were received.

Generosity is the flower of justice. — Nathaniel Hawthorne.

U. S. NAVY CALLING.. ALL MEN . . .

Are you a baker or a cook? The Navy is in need of men between the ages of 17 and 50 qualified in the baking and culinary arts, for enlistment as petty officers in the construction battalions of the Naval Reserve. Enlist now with the "Seabees" for foreign duty at naval bases outside the continental limits of the United States. Full particulars are available at all Navy Recruiting stations, and information will be furnished gladly, and without obligation.

— Attention College Men

If you are now a college junior, senior or graduate between 19 and 28 years of age and unmarried you are qualified for a commission in the U. S. Naval Reserve.

With special approval of the Navy Department, the V-7 program has been extended indefinitely. Contact the Oakland Navy Recruiting station at the post office building at once.

— Radio Technicians Wanted

Openings for qualified radio men in civil life to secure navy radio instruction in our six to eight month course are still available.

CLASSES CANCELLED

NEWARK — The First Aid class of the Newark Auxiliary and regular firemen last Tuesday evening was cancelled due to a majority of the members attending a special meeting of the Stove Mounter's Union held at Silva's hall at 7:30 p. m. According to Ray Truscott, Washington Township First Aid chairman, and instructor in first aid for the Newark Group, practically all first aid classes were cancelled in other communities due to the vast majority of First Aiders serving on the Sugar Rationing Board. Most of the first aid classes now running in the township are nearly half through with their courses.

Private Vernon Ellsworth who is stationed in San Francisco visited his parents, Mr. and Mrs. E. A. Ellsworth at Niles on Thursday of last week. He is applying for an appointment to Officers Training School.

"Counting cents is common sense"

SLIP-COVERS made to fit loosely wear longer than tightly stretched, well-fitted "jackets". Give your cover plenty of room to shift on the job—folks have a habit of being restless.

With all the money you'll save, buy DEFENSE SAVINGS STAMPS—Every Stamp and Bond you buy is an investment in freedom. War needs money!

WOMEN PUMP GAS

Women as service station attendants? This might have been a debatable question a few months ago. Today it is an actuality. At several stations of Tide Water Associated Oil Company in San Francisco and Los Angeles, efficient young women have already made their appearance as attendants. And there will be steadily increasing number, according to W. A. Reanier, Domestic Sales Manager of the Company.

MISSION SAN JOSE

Miss Ruth Justus
Correspondent

Funeral services were held at St. Joseph's Church here on Tuesday morning for Edward Amaral, one of the young men killed last Friday evening near Livermore. Interment was made in the Centerville cemetery.

Edward Rogers with the U. S. Army at Mather Field, Sacramento, spent Sunday with his mother, Mrs. Mary Rogers and his wife, Ruth. He returned Sunday evening to his duties there.

On Mother's Day, twenty boys and girls received their first holy communion at St. Joseph's Church with Reverend John Leal reading the impressive services. The church was beautifully decorated with flowers in honor of the occasion.

Mrs. Beulah Banta of Hayward spent Sunday at the home of her daughter, Mrs. Faye Castro where she was guest of honor at a Mother's Day dinner.

Mrs. Amelia Luckman, who spent a couple of weeks at the home of Mr. and Mrs. Cornelius Enright returned to her home in Berkeley last Sunday with her daughter Manilla who had come to the Enright home as a Sunday dinner guest.

Miss Barbara Rogers, with friends from Oakland attended a Bar-B-Q and Rodeo on Sunday, given at the Jessie Mendonza ranch near Sunol.

Although Leonard Cunha (Shorty) celebrated his birthday May 10 it was not a happy one for he was at the bedside of his brother Melvin, who was very seriously injured in a two way crash near Livermore Friday night. Melvin is at the Livermore Hospital, suffering from head injuries.

The Firemen of the Mission district held a special fire drill and inspection on Tuesday evening as ordered by Frank S. Vargas, secretary, to be sure that they would know what to do in case of an emergency.

The local board of the I. D. E. S. motored to Oakland on Thursday to make final arrangements for the Holy Ghost Fiesta to be held this year in May. Although no fire works will be allowed nor a parade on the main highway because of army regulations, there nevertheless will be the high mass and crowning of the queen, dancing and the regular activities at the grounds of the I. D. E. S. on Ellsworth street. The dates are May 23 and 24.

Mrs. Florence Mederios enjoyed the company of all her children on Mother's day at the family home here. Florence Silva of San Jose, Johnnie and Frank of Livermore, Joseph of Tracy, Mrs. Jennie Semas of Mission and Mrs. Mamie Monize were here on Sunday.

Friends of Mrs. Frank Azevado, mother of Helen Semas, will be pleased to know that she is able to sit up a bit each day at the O'Connor Sanitarium following an operation and will soon be able to return to her home here.

Louis Souza Jr. of Colfax spent the weekend at the home of his parents here. He is employed by the P. G. & E. there.

MINIMUM WAGES

SACRAMENTO — The State Industrial Welfare Commission this week rescinded its minimum pay scale of $16 per week for 48 hours work for women, passed in 1923, for a new minimum pay scale of $18 per week for 40 hours work for women in manufacturing plants. The new order also requires that part time women workers receive a minimum of 50c per hour for not less than four hours on each day worked, or a minimum pay of $2 per day, even if less than four hours are worked, a release sent this newspaper reveals.

The presence of motorcycle officers in Niles quite often these days may be attributed to the efforts of the Niles Junior Chamber of Commerce, which desires to have parking regulations observed, particularly outside the postoffice and near alleys and private driveways.

SCOUTS CAMPORETTE

Eight members of the Niles Scout Troop enjoyed a camporette over the weekend in a loaned cabin up Stonybrook Canyon with Scouter Fred Duffie in charge. Assistant Executive W. T. Lindsay graded the boys on Saturday afternoon and Scouter Lewis Lewis looked in on them Sunday morning. Mr. Duffie held Sunday School for the boys. They are competing in the county-wide camporee contest.

PLANT SHUTS DOWN

NEWARK — The James Graham Manufacturing company closed down on Tuesday of last week after letting out 200 stovemounters and 40 moulders, while a labor dispute was being considered by the federal Conciliation Board. Some 26 members struck following a disagreement as to interpretation of the contract with regard to piece work and day work.

RESPECT ARMY CONVOYS

Motorists are again warned by the Safety Department of the National Automobile Club against the practice of cutting-in on Army convoys. Every effort is made by the authorities to move these truck columns as quickly and safely as possible and the motorist should cooperate with their efforts.

VISITING DAY AT U. S. O. CLUBS

Saturday, May 23, has been designated as a nationwide "Veterans Visiting Day" at USO Clubs. Plans call for an informal presentation of USO activities to acquaint veterans of the Civil, Spanish-American and World Wars with the modern development of recreational services to fighting men.

According to J. Henry Lang, Pacific Coast special representative of USO's $32,000,000 War Fund Campaign, provision for the leisure time of service men is now a recognized part of war in every important nation.

"USO does its job in the American way. In the strictly regimented Fascist countries these recreational services are under military supervision. The German or Italian soldier is in the army 24 hours a day. By keeping USO a civilian operation we can give the American servicemen, the very liberties he is fighting to defend," Lang said.

Plans for Veterans Visiting Day include exhibits of jeeps and other military equipment not used in World War I.

A light snow on the Livermore hills, following the cold rain of Sunday night was visible from Niles and nearby towns early Monday morning.

Mrs. Joe Ferry is spending a few weeks visiting her sister in Manteca.

THE ARMY NEEDS PHYSICAL DIRECTORS

If you have had experience as a director of physical training and recreation your Army needs you now. Men with Bachelor Degrees in physical education are prefered, but those who have wide experience in this field will be accepted.

These specialists will be enlisted directly for the Air Corps and will be sent promptly from the Recreation Center to the Air Corps Replacement Center at Sheppard Field, Wichita Falls, Texas.

Excellent opportunities await men qualified for this assignment and with the great expansion of the Army advancement should be rapid.

Here is your opportunity to serve your country in your chosen field. Call at your nearest Army Recruiting Office today full information. Recruiting offices are located at 444 Market St. in San Francisco, New Post Office in Oakland and New Post Office in San Jose.

DON'T DELAY! ENLIST TODAY!

STATE GOVERNMENT COSTS DROP, FIRST TIME IN 8 YEARS

State government cost California taxpayers $275,993,724 last fiscal year, it was announced in Sacramento today by State Controller Harry B. Riley. Cost for the year which ended last June 30 was $13,829,518 or 4.77 per cent lower than that of the previous fiscal year, Riley reported.

A reduction of $23,809,868 in expenditures for unemployment relief and not a general curtailment of government expense brought about the decrease, the first in eight years. Expenditures for all functions other than relief increased $9,980,350.

An expanded program of highway construction and maintenance together with greater apportionment of gasoline tax money to cities resulted in an increase of $3,537,583 in expenditures for the Division of Highways.

Educational functions cost $2,813,954 more last fiscal year than the one before. Controller Riley said, largely because of heavier outlay for the University of California and increased apportionments to counties for high schools and junior colleges.

Last year's apportionment of motor vehicle license fees to cities and counties was $2,375,355 greater than the year before; curative functions increased $1,453,980; interest on registered warrants, $1,154,971; administrative functions, $730,759; gasoline tax apportionments to counties, $826,860; and aid to needy children, $609,322.

The state last year spent $6,173,294 less for capital outlay than in 1939-40; and cut Division of Water Resources expenditures for repair and restoration of property damaged by floods and storms by $493,240.

TOWNSHIP BOARD GRANTS APPLICATIONS

No new passenger tires were granted by the Washington Township Rationing Board this week but two new tubes and 11 retreads, 10 new truck tires, 5 tubes and 3 retreads were allowed applicants.

Those with successful applications were Geno Quartaroli, Joseph Pugmire and Wilfred McElvain, Niles defense workers, Joseph J. Ferry, farmer and Harold Houghton, Southern Pacific maintenance man, both of Niles; Charles H. Sebree, truckman and Manuel Lombaren, farmer of Decoto; Manuel Roderick farmer and Damasco Adviento, shipyard worker of Alvarado; Leslie Salt Co., of Newark and William T. Cushing, Irvington farmer.

MANY CARS BUILT BY U. S. INDUSTRY

The American automotive industry has the record of having built more than 86 million automobiles, trucks, and buses during the past 44 years, according to the California State Automobile Association. During that period there have been 1,481 different makes of cars built. The total wholesale value of motor vehicle production was $58,207,,700,000.

"That's my Dad!"

You are proud of him, Sonny. You betcha, the whole world is proud of the airmen of the U.S.A. Someday you will be up there too. It will be peacetime flying for you, Sonny. Your Dad will see to that!

BETTER SIGHT BY BETTER LIGHT

FLYING has become Man's Sixth Sense. Nature didn't give it to him. Man had to attain it. Flying takes exceptional eyesight, physical fitness and coordination of sense and machine. Of these three things that make up the Sixth Sense—the feel of the air and the control of the machine—EYESIGHT, the ability to see quickly and clearly in split-seconds has been most important to fledglings of the United States Air Force in winning their wings. Good eyesight depends upon how healthy, normal eyes are used or abused. Fortunately in America much has been learned about this since World War No. 1. Beginning with our grade schools, nurses, doctors, eye specialists and oculists have carefully watched the eye health of growing children, and the relationship of eye health to good light has been emphasized. The electrical industry, from the manufacturer of lamps to the electric company and the retail dealer, is proud of its part in the crusade of Better Light for Better Sight. America's eyes of the skies will be an important factor in the victory of Right Over Might.

THE RETURN TO SIMPLICITY

One backwash of thisgreat war, which will increasingly affect all of is, is going to be learning thrift, and how to do without.

Stocks on store shelves are being little by little reduced. No more large plumbing, electrical nor heating fixtures can be had; nor new refrigerators,washing machines, ranges, raidos, etc. When your's wears out to a point where it can no longer be repaired, you will have to share with your neighbor,or do without.

Won't hurt us any — we're a spoiled lot, anyway.

Within a year, wearing neatly patched clothes is going to be a sign of thrifty patriotism instead of a sign of poverty, as we would think now.

No more tires, no more typewriters, no more new houses; only refills for your present cosmetic cases . . in fact, no more lots of things (except names on casualty lists) before this year is out.

In fact, the true value of a sound American dollar, the luxury of a good, warm bed and the blessing of wholesome food to eat, are already coming into focus in lots of persons' minds.

With sugar rationing, we are going to eat less sweets. There is going to be less waste from family tables and from large, public gatherings. We have all attended picnics and other public eating events where as much food was left over as was consumed. This is a sin when one considers the millions of innocent human beings starving this very minute all over the earth.

A real American family: father, mother and children, who can sit down tonight to the reasonable satisfaction of a nourishing, happy family meal, who do not feel moved to give thanks to their Creator that He gave them the privilege of being born free Americans . . such a family is somehow lacking in gratitude and appreciation of their blessings . . all heretofore taken for granted for lo, these many years! — W.W.

PRIORITIES AND WAR SERVICE SHOULD CUT DOWN COUNTY EXPENSES

By California Taxpayers Association.

The yardstick of absolute necessity should be applied to every item considered by local governing boards for next year's budget and everything that does not meet this measure should be eliminated, California Taxpayers' association declared today, campaigning for all-out cooperation in the war effort by local governments in California.

The Alameda county budget for this year provided $3,429,670 for salaries, and wages, $8,117,913 for maintenance and operation, and $1,575,420 for capital outlays, the association stated.

"With prices frozen and the Price Administrator's estimate that the cost of living will drop from 1½ to 3 per cent, certainly thereshould be no increases in the amount budgeted for salaries and wages," the association declared. "In fact, with men and women leaving local government service for war and war industries, the number of people working for local government will in all probability go down and the amount to be spent for their services should also decrease. Certainly, with prices frozen at their March highs, there is no reason to increase the general level of salaries and wages.

"Difficulties in securing many supplies commonly used by governments, together with rationing, price ceilings, and many items entirely out of production, should result in drastic cuts in the amounts needed for maintenance and operations.

"The budget for capital outlay should, in most instances, be reduced to zero, for materials as well as labor must be used in the War effort and will not be available for local government use."

CITIZENS SHOULD GUARD AGAINST UNDERMINING THEIR "FOURTH FREEDOM"

SACRAMENTO — A warning to the American people to be on the alert against subversive forces that seek to destroy our democratic way of life and put in its place a controlled system, was voiced today by Don Belding, president of the Pacific Advertising Association, and member of the Committee on Public Information of the State Council of Defense.

In a statement released through the State Council of Defense,Mr. Belding, who is giving liberally of his time to patriotic and defense activities, said:

"In this all-out effort to win the war, every element in American life is being called on to do its full part. One of the most important of these elements is the American press, which is the watchdog of our Bill of Rights. Unlike the press of the Axis countries, and more than any other country of the world, we have a free press — a press not controlled by any group.

"The press today, under a voluntary censorship, is giving the American people the news — quickly, fairly and freely. The fact that all editorials and news comment is not exactly the same is proof in itself that there is no arbitrary control of news. The people are not just given one side of it they get all sides and can thus draw a fair conclusion.

"Under the guise of assumed war necessity, there are those who would like to control the press so that only one side is presented. Some of these people represent subversive forces who would like to do away with our democratic way of life and put in its place a controlled system. One of their ways of doing this would be to discredit and—destroy advertising, which is the main basis of support of the press, and which helps the press to remain financially solvent.

"America has seen by cruel example what happened to France, where a large part of the press was controlled by subversive forces, who told the people only what they wanted them to know. America wants no part of that kind of control.

"The function of a newspaper is to inform — whether it be through the newspaper or in the advertising pages — where the public, including business, labor, and organizations of every kind and creed, at all times has the right to express its opinion, providing that opinion will not give aid and comfort to the enemy.

"Let us continue to have a free sound press. After all, that is one of the freedoms we are fighting for."

—On Pay Day, Buy Bonds—

San Quentin Prison, badly overcrowded just a short time aback, now has 1,000 empty cells! Reason: Hundreds of extra convicts have been sent to prison road camps to replace free labor needed in war industries. And hundreds of other prisoners have been paroled to join Uncle Sam's armed forces.

"I AM AN AMERICAN" DAY

Two years ago, in May 1940, Americans held their first observance of "I Am An American" Day. It was as if an uneasy self-doubting people sought to reassure itself in face of the evil vision of despotic conquest of democracy throughout Europe.

More evil has come to pass in Europe since that May. France, the first citadel of liberty and equality in modern Europe, is in slavery. And now Americans see vengeful, powerful enemies across both oceans.

Yet the third "I Am An American" Day, the 17 of this month, will find an America no longer uneasy and self-doubtful. For America has proven herself to the world — and to herself. Stepping from school, from the workshop, from behind the store counter, from the field, American kids have formed an amazing army of wrathful power that shall presently sweep through the cities of Germany and Italy and Japan. And all factions and creeds, as if the blood in their veins were drawn from one vast central pool, have joined to make the weapons, and make the sacrifices, and keep the faith for posterity that Washington kept for Lincoln and Lincoln kept for us.

"I am an American!" Proud words to be proudly spoken. We all know that — now!

PRICE CEILINGS SHOULD PREVENT INFLATION; TIME TO REDUCE TAXES

(By California Taxpayers Assn.)

Just in the nick of time, so far as property taxpayers are concerned, came the President's pronouncement fixing a ceiling on prices.

The board of supervisors, the city council, and the school board now can plan next year's budgets for supplies on a known price ceiling. Public employees no longer can ornament their requests for wage and salary increases with the specious argument that the cost of living is to skyrocket. Leon Henderson, the Price Administrator, estimates a drop of from 1½ to 3 per cent in living costs with price ceilings in effect.

Many kinds of equipment used in government offices are already off the market for the duration. With price ceilings set and with the shortages and rationing already known, budgets for this year can be planned on a war basis.

The limits on how much essential supplies will cost have been set. There is no excuse for general increases in the wage levels of public employees.

Our governing boards this year have a golden opportunity to reduce public expenditures and the resulting local taxes. It's up to Mr. and Mrs. Cal. Taxpayer to see that this opportunity for local tax reductions is seized.

Speak up — to supervisors, councilmen, school trustees.

INDIGENT AID DROPS

(Special to the Register)

County indigent aid in Alameda county was given to 4,518 persons during March, 1942, a drop of 60 per cent from the 11,160 persons dependent on county indigent aid and the SRA during March, 1941, California Taxpayers' association stated today, analyzing ways to reduce county budgets for next year beginning July 1. During March last year 5,652 persons received aid as county indigents and 5,508 received aid through the SRA.

VIEWS & OBSERVATIONS

By The Editor

* * *

AND WHY should the government consider requisitioning (and paying for) privately owned automobiles when there are more than 100,000 unsalable new automobiles gathering dust (and taxes) on dealers' floors throughout the nation?

The dealer would like to get his money out of these cars. His salesmen have been let out and everybody is stuck. It would be a mercy for the government to collect and pay for these new cars and let the dealer get out from under, before thinking of asking private families to give up their means of transportation.

And while we are on the subject of what's to become of frozen goods, when is Uncle Sam going to pick up the millions of new tires still remaining in the hands of thousands of dealers all over the land? The dealers can't sell them; the wholesalers will only buy them back at a loss, and the small retailer would like to get his money out of them. Will Washington please note?

The big mail order houses are stuck with large stocks of new typewriters which cannot be sold. Maybe the government will tell them what to do with these machines? Montgomery Ward and Sears Roebuck say they have already refunded $20 million dollars to customers so far this year who have sent money for tires, typewriters, refrigerators and other frozen articles. Such a business!

Thousands of single men going into service are putting their cars up for sale; and the evacuated Japanese have left thousands of cars and trucks in outdoor storage under the Federal Reserve Bank. These latter are already under government control.

Why does not the government use up these sources of surplus car and truck supplies without bothering civilian families, whose single car is indispensible?

Sheridan Downey please not!

—ww—

THE THOUSAND Axis diplomats who are returning to Lisbon on a Swedish ship, for exchange for Americans stranded in Europe will do a lot to knock out what is left of the confidence of the Axis leaders.

Notwithstanding their internment in camps these foreign diplomats while in America could read the daily newspapers; they know the progress we are making in the enormous armament effort; they know we have knocked the Japs for a loop every time we contact them . .

Their knowledge of the futility of the nazi and Italian war effort will add to the black discouragement which now rests like a pall of gloom on Germany and Italy.

It will help to undermine what's left of Hitler's bombast — now deflated. The Russians now openly declare they will have victory this summer. This is late spring now and the nazis have not inaugurated the anticipated spring blitz against Gibraltar and North Africa, nor through Turkey to Iraq and Iran.

Things get better for us every day — and worse for the enemy.

—ww—

NICE GOING! Late last week our Pacific forces engaged the Japs and sank EIGHT Japanese warships of various types at a cost to us of but THREE PLANES.

Would that our great Pacific fleet, which still had about 200 fighting units in spite of the 17 losses in Pearl Harbor had been ordered on the first day of the war — and it was loaded and ready! — to blast hell out of Tokyo.

They could have done it: the impact of audacity and surprise would have carried them through. The Jap push against the Philippines and Singapore would have been stymied, and the Japs would have learned what they are going to learn anyhow: the might of Uncle Sam's fighting forces.

"Discretion is the better part of valor" but timidity . . doesn't win wars.

It begins to look like all our vast civilian defense preparation occurring as far inland as Chicago and Detroit, aren't going to be needed. The nazis and the Japs are too tired and too far spent to attempt even token raids against the U.S. The RAF and the Russians are daily destroying the nazi luftwaffe far faster than it can be replaced.

We are getting there, slowly but surely. FDR is playing it safe . .

—ww—

AND HERE one is just rejoicing that motorists are driving sanely to save their tires and their nerves when along comes the worst automobile accident in the Country's history: 6 men killed, three of them from Washington Township, the seventh dies and the remaining two at death's door, in a crash at the San Joaquin County line late last week. One car was going so fast it hit another car head-on with such force parts of the cars and parts of bodies were scattered all over the map.

What makes people so foolhardy, anyway?

— ww —

REFERRING TO the running fight in the Coral Sea in which the U. S. Navy recently chalked up a smashing victory, Walter Winchell on Sunday night said "The Americans did the fighting and the Japs did the running". Ain't dat cute?

He also made the comforting statement that any person hereafter caught who belongs to the discredited German - American bund will be tried by a MILITARY COURT, rather than a civil. Such persons are now classed as SPIES, and when they are convicted they get a rope around their necks. This is War!

—ww—

AND REMEMBER that dreadful 10 p. m. Saturday night broadcast luridly entitled "This is War" to which your editor strenuously objected when it started 13 weeks ago?

The darn thing sang its swan song and went off the air last Saturday. Good riddance. We, The People do not have to have the war dramatized by expensive talent to know that "this is war".

All We, The People have to do to realize we are at war is look at our sugar ration books, our war bonds . . and our automobile tires. Also at letters written from our sons and brothers acquitting themselves nobly in the South Pacific or at some other far flung battlefield. (Not "theatre"!)

—ww—

WITH ALL the hopes in the hearts of the people for tax reductions in this, our first year of the Great War, a typographical error should be pardoned if the typesetter adds a letter to "taxpayer" and makes it "tax-pRayer"!

—ww—

GAS WARFARE, Adolph?

Don't try it: England and America are equipped to pay you back 10 to 1, and if that's the way you want it — start something and your suffering people will be exterminated a city at a time. .

There is no defense against American Lewisite gas — its composition kept a secret since the last war. This dreadful compound eats through gas masks, clothes and human tissues, especially the latter.

Your fiendish methods, Hitler, have aroused the Christian nations, and you should know by now that "God IS the heaviest artillery." He's on our side, by the way. Our Churches are always open, our ministers are free and so are our people: to worship HIM as each person thinks best. They're supposed to worship YOU in your adopted country, you little runt!

Your luck has turned, little man, and you can't win anything from here on but the ignominy and defeat which you and yours deserve.

—ww—

TOKYO ADMITS the April 18 bombing raid caused from 3,000 to 4,000 casualties (casualties means injuries as well as deaths) and started fires which burned two days. The Bushwazi are still in the dark as to where our planes came from and where they went to. .

They were land based planes and they streaked by so fast the Yap interceptors were helpless. That the raid threw a real scare into them is a matter of history. A propaganda artist was broadcasting in English how sweet life was in the Land of the Setting Sun, "free from threats of enemy air raids" when along came our whizz-bangs and the announcer suddenly lapsed into wild Japanese gibberish. It must have been funny. .

Anyway, now that we have "done it before" we can "did it again" . . and again, until our bombs pound some sense into them.

Invulnerable Armaments

A DICTIONARY defines "invulnerable" as "incapable of being wounded or of receiving injury." Invulnerable armament, then, is armament that is incapable of being penetrated; and only spiritual armament is actually invulnerable. Everyone desires to feel secure and serene, to feel that there is an invulnerable protection shielding him at all times.

To know that every righteous thought and act has divine, hence invulnerable, protection and immunity from evil is a great joy and comfort to spiritually enlightened men and women. In the factory, office, home, on the highway, in the air—yes, even at the battle's front, if need be — he whose thought dwells in God has found the one invulnerable armament. No matter how sorely he is tried, how severely he is tempted, if his faith in God remains steadfast, if his allegiance to Truth, Life, and Love is firm, he will find true Mary Baker Eddy's words on page 277 of "Miscellaneous Writings," where she says: "No evidence before the material senses can close my eyes to the scientific proof that God, good, is supreme. Though clouds are round about Him, the divine justice and judgment are enthroned. Love is especially near in times of hate, and never so near as when one can be just amid lawlessness, and render good for evil."

The Psalmist proclaimed invulnerable the spiritual armament of the righteous, when he sang (Psalms 91:1, 5, 7): "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty. . . . Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day. . . . A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee."

Invulnerable spiritual armament is practical and concrete, available in human experience. . . . God, who is Life, Truth, and Love, is invulnerable, and man, His image and likeness, or reflection, is therefore invulnerable—invulnerable to sin, disease, disaster, lack, limitation, fear, ignorance, and superstition. . . . In his vision, the Revelator, John, saw "the holy city, new Jerusalem," that divine, heavenly state of consciousness in which is no evil, and he said (Revelation 21:27), "There shall in no wise enter into it any thing that defileth, neither whatsoever worketh abomination, or maketh a lie." Mrs. Eddy has said (Science and Health, p. 228), "The transmission of disease or of certain idiosyncrasies of mortal mind would be impossible if this great fact of being were learned,—namely, that nothing inharmonious can enter being, for Life *is* God."

Does anyone doubt these inspired statements? Then let him read the eleventh chapter of Hebrews in the New Testament, which recounts many instances of divine protection and deliverance experienced by those whose faith in God never wavered in times of trouble and temptation. "God is no respecter of persons" (Acts 10:34), and His love and tender care are as available to one as another. When understood, God's goodness is seen to be everywhere; when it is utilized, the sick are healed, the lame made whole, the dumb regain speech, the blind see, and happiness, peace, and joy reign supreme where discord formerly held sway.

Spiritual armament is invulnerable, because Spirit or God fills all space, and there is no other presence or power. The recognition of this divine fact excludes from one's consciousness the belief of another presence or power, shutting out of thought and experience the evils of belief and the belief in evil. . . . Christ Jesus said (Mark 12:30), "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength. This is invulnerable spiritual armament. — *The Christian Science Monitor*

And suppose one of our bully boys made a direct hit on the imperial palace and hurt the very sacred person of that funny little man they believe descended from heaven?

Isn't that where we all came from, — originally?

Upanatem, Boys of the Joy Sticks! Hit and don't miss!

—ww—

THE GOVERNMENT'S restricting of milk deliveries to every other day is a good idea in the effort to conserve rubber and release manpower. Pasteurized milk keeps three days and everybody has electric refrigerators.

What's the sense of competing milk trucks running into our town once or twice daily when we have an excellent dairy here in town? Contrariwise, why does out dairyman waste time and rubber driving into the other dairyman's town? Why not exchange customers and each dairyman serve his own trade district. No dairyman can afford to drive 20 or 25 miles daily to deliver a few quarts or even gallons of milk.

—ww—

THE WAR department announces it will not answer personal inquiries as to the whereabouts or fate of individual soldiers. It has more important work to do.

Secretary Knox says there are now 500,000 men in service with the Navy compared with 140,000 in the summer of 1940. By July 1943 there will be a million sailors in our Navy.

Congress has authorized the building of 200,000 tons more of submarines. Lookout, Japan! And the Navy is starting a civilian pilot school for negroes. And why not? Two new training centers will train 10,000 men for the new Navy every six months. That's "making knots."

—ww—

GEOGRAPHY, AS well as history are in the making these days. Two weeks ago how many people had ever heard of the Coral Sea or the Louisiade Islands?

Since our victory in the Coral Sea, will any American ever forget the name and location of that place?

The Bushwazis are making slow progress in Burma. What they expected to do in two weeks has taken two months. And New Guinea seems to be about as "Westward, Ho!" as the enemy is going to get. This summer promises to be interesting.

DECOTO NEWS

Mrs. Edmund Francis
Correspondent

Mr. and Mrs. Clyde Lewis and children have moved from their home here, and are now residing in Alvarado.

Mr. and Mrs. Raymond Perry and Mr. and Mrs. Manuel Muniz, enjoyed a dinner in Oakland on Sunday afternoon.

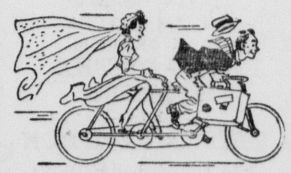
GAME BIRDS EGGS

SAN FRANCISCO — Despite adverse weather conditions of rain and cold, egg production at the state game farms hit a new high in April. Mexican bronze turkeys began laying after a delayed start, and valley quail, also slow in starting, began laying in a normal way about April 20th. To the end of April over 30,000 pheasant eggs had been produced at the two state game farms.

Brides-to-be and Newlyweds:
Come to this office and get your gift copy of Virginia Courtenay's clever Brides' booklet: she writes informatively about the modern way to say "I'm married now and want the world to know."

EVEN IF You're 'LOPING TO YUMA OR RENO



...All the more reason why you should divulge your secret upon your return... and our processed wedding announcements are the convenient, smart way of handling this important news. Our selection is surprisingly inexpensive and is the first aid to blushing brides when the time comes to tell that it's "Miss" no more but "Mrs." now.

Virginia Courtenay has prepared a gift booklet for young brides which is yours for the asking.

TRAVEL DELAYED

Freight traffic over the Southern Pacific track in Niles Canyon was held up early Saturday when nine gravel cars of a 74 car freight train went off the track between Sunol and Farwell. A broken flange on one of the cars was given as the cause. Several freight trains were held up in the canyon Friday night as their crews worked to clear the line. This was the third derailment on this line during the past few weeks.

ALL LOCAL TAXES MUST BE LOWERED, ASSOCIATION SAYS

Property tax levies in Alameda county for the present year are up 5.6 per cent over levies for 1938-1939, a study of tax levies in California counties, made public today by California Taxpayers' association, shows. Tax levies by the county, cities, school, and other districts which do not report centrally.

Levies by the cities in the county, which total $7,938,788 for 1941-42, are up from the $7,512,299 levied in 1938-39. Levies for county current purposes, which amount to $5,519,345 for this year, are up compared with the $5,087,497 levied in 1938-39; county bond levies are down; levies for school current purposes, which amount to $6,611,896 this year, are up from the $6,161,512 levied in 1938-39; levies for school bonds are up; and levies for special district purposes are down, the association found.

The size of next year's local property tax levies in the county depends on the local government budgets now in process of being set up in the county, cities, and districts, the Taxpayers' association pointed out.

Urging immediate action by citizens and citizen groups to let their local governing boards know their attitudes on local government spending and activities for next year, the association said:

"President Roosevelt has more than once told the American people that if this war is not to be lost they must reduce their standard of living. That local governments, the county, cities, school districts, and other districts, should not share in this 'equality' of war effort is unthinkable. Any economy, curtailment, and reduced service that is to be made in the coming year must be planned for in the budgets for next year, which are now being prepared. Reduction of taxes is not the only thing at stake this year — the whole war program depends on the real and willing acceptance of the 'privilege of self-denial' of many things to which we have been accustomed, including unessential government activities."

BORDER BAN ON NEW TIRES

(Special to the Register)

Motorists can not bring into the United States new tires purchased in Mexico or Canada, and when needing replacements while traveling in those countries they should buy used tires, according to the California State Automobile Association. Customs officials are reported to be checking on cars returning across the border with new tires.

TO ENTER SERVICE

CENTERVILLE — Frank T. Dusterberry Jr. a bank employee in San Francisco, is reporting for duty soon as an ensign in the U. S. Naval Reserve. David Patterson, a senior at Stanford University expects a second lieutenant's commission from the R. O. T. C. next month. He expects to enter the Ordnance Corps of the U. S. Army when school is out.

Canadian War Workers Take Aptitude Tests

Passed by Censor

IF a woman seeks employment at one of the rifle and machine gun ammunition plants somewhere in Quebec province, she does not simply walk in, give in her name and find herself hired. She must first be interviewed by a specialist. If she gets by this first step, she proceeds to an examination room, a corner of which is shown here, and undergoes various tests. The two tests illustrated in this photo might be called the jig-saw and mirror tests. At the right squares are being fitted in their appropriate places, and at left, an applicant draws an object, only the reflection of which appears in a mirror, with both left and right hands. There follows arithmetical and classroom tests to determine ability, speed and discrimination.

75,000 JAPS ORDERED AWAY FROM THE COAST

The number of Japanese under evacaution orders from Pacific Coast military areas neared the 75,000 mark Monday, May 11 with the issuance by Lieutenant General J. L. DeWitt, Commanding the Western Defense Command and Fourth Army, of five new exclusion orders affecting California areas.

More than 40,000 of the total were moved by noon Monday to assembly and reception centers in California, Oregon, Washington and Arizona. The balance are covered by orders for future evacuation, many of which will be executed during the week ending May 16.

The five new civilian exclusion orders, numbered from 62 to 66 cover areas in Fresno and Madera counties, including the entire city of Fresno and the entire counties of Sonoma, Marin and Napa in northern California and additional portions of Los Angeles in Southern California.

The Madera and Fresno order pertain to approximately 2880 Japanese while the Sonoma, Napa and Marin order affect another 1000. The Los Angeles area order adds another 1100, bringing the total for the five orders to 4980.

HIGH SCHOOL RE-ELECTS ITS ENTIRE FACULTY

CENTERVILLE — The board of trustees of Washington Union High School recently unanimously re-elected the entire faculty of 30 teachers and Principal A. J. Rathbone.

Four teachers, however, were placed on a "long-term" substitute list as a result of decreasing attendance. They were: Miss Florence Sherman, John Essick, James Elsea and Miss Loreva Langeberg.

The board also granted emergency bonuses of $170 for the current year to allow for the increased costs of living.

A WAR "BOOM TOWN"

Mr. Parks, former owner of this newspaper writes your editor that the inland town of Indio in the Imperial Valley, which is headquarters for the new desert Army now stationed at Palm Springs, is something to make your head swim. He writes that the crowds on the street of his town of 4,000 are beyond the stretch of anyone's imagination. For a town the size of Indio, nothing in America equals such crowds, he says. Incidently his new plant has lots of government printing to do for the big nearby army camp at Desert Center. History is in the making down there.

Buy Defense Bonds and Stamps Every Week!

Having Reopened the Golden Eagle Service Station, First and G Street, Niles, on the 3rd of April, 1942, I want to take this opportunity to thank each and every one of the friends and customers who have helped make my stay in Niles permanent. I will endeavor to the best of my ability to give the best service possible.

E. GOMES, Proprietor.

NEWARK REGISTERS 1,346 FOR SUGAR

NEWARK — There were 1,346 persons who registered for sugar ration books at the Newark school auditorium during the four-day registration period which ended here at 9 p. m. Thursday evening, May 7.

According to the recent census in Newark it seems that 150 persons failed to register for sugar, unless these peoples registered elsewhere. Those failing to register at the school are required to register at the Township Rationing Board in Niles.

The largest day of registration in Newark was the first day, Monday with 431 registering; 399 registered on Tuesday; 317 registered on Wednesday; and the last day, Thursday only 199 registered.

Jack MacGregor, Newark school administrator, wishes to thank the registrars consisting of volunteered women and men in Newark and the Newark school teachers for their fine work in registering the Newark people during the four days.

LOCAL GROCER HAS JOB KEEPING SUGAR STAMPS

(The Oakland Tribune)

Your corner grocer will bear a major share of responsibility—and possibly be the recipient of a good-sized headache — in Uncle Sam's program of sugar distribution.

This is what officials of the Office of Price Administration have to say about the grocer's role:

"He is intrusted with duties to perform that are possibly more important and extensive than any one else in the program, with the exception of the local rationing boards."

To give the consumer an idea of what it means, the OPA paints a picture of the problems that probably will confront your grocer.

— Ration Stamps

Every day, it points out, he probably will have to handle dozens of ration stamps. At the beginning, while the whole rationing program is new, he'll probably have to do much explaining.

One of his best customers, for example, may plead for just a "couple of pounds more of sugar" with which to bake a cake for junior's birthday. And someone may show up without a ration book and ask for sugar and promise to bring in the stamps later. But the grocer will have to say: "Very sorry, but that's contrary to regulations."

Some other customer may bring in some loose stamps. In this case the grocer will have to explain patiently that he can't accept stamps in such form. He must see them torn from the ration books.

An another customer may come in with a war ration book containing stamps whose period of validity has expired.

The grocer probably will be forced to repeat again and again that a stamp is valid only for the period for which it is issued and cannot be used afterwards.

The consumer problem is just one of those faced by the grocer. Another, one which involves a lot of work, is pasting the stamps he receives over the counter on the cards distributed by the OPA. He has to be careful not to lose the cards and to turn them in for sugar before their term of validity expires.

— That Isn't All

From now on the quantity of sugar which the grocer will be able to obtain from his wholesaler will depend upon the number of stamps and sugar purchase certificates he surrenders.

But that isn't all. The grocer must also scan his newspapers or watch for bulletins posted at local rationing boards from time to time in order to learn of new rationing periods. He must be on the lookout for changes in rationing regulations that may be announced by the OPA.

So don't strain his patience too much.

CENTERVILLE GIRL TO BE CROWNED AS "MISS AMERICA"

HAYWARD — Miss Adriane Silva of Centerville polled the most votes in a contest recently conducted by the Veterans of Foreign Wars Post here and will be crowned "Miss America" this Saturday evening at 8 o'clock in the Memorial hall here when the big minstrel show and public dance get under way.

Queen Adriane's ladies of the court will include other Washington Township girls, as follows: Doris Vallerga, Niles; Gloria Olivera, Newark; a Hayward girl; Bonnie George, Niles; Lucille Corriea, Irvington and Doris Mitchell, Hayward.

The proceeds of this colorful and patriotic event will go to the Hayward Veterans Post's national defense fund. The public is invited to come and enjoy themselves here Saturday evening.

COUNCIL AWARDS

The Phoebe Hearst Council, California Congress of Parents and Teachers, of Southern Alameda County has received an award of merit for having attained its goals 100 percent; for following out the requirements for Program Awards of Merit; and has received honorable mention for its publicity record books, according to Mrs. C. W. Aten, 16th district publicity chairman.
